# The Cloud

---

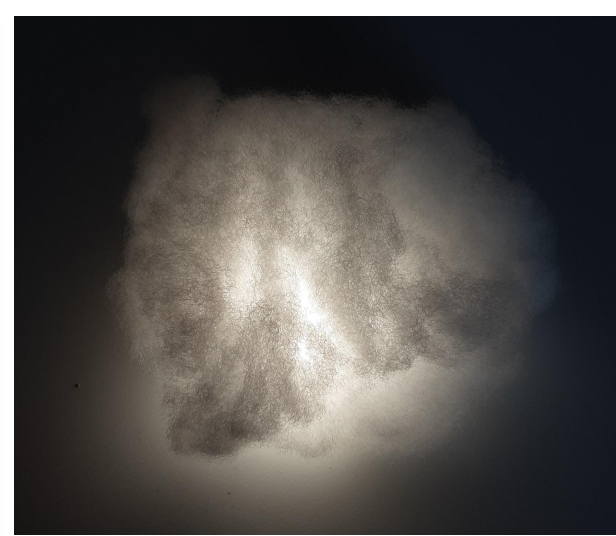

The Cloud in the internet age is a symbol of connection and shared experiences. The process of involving symbols of the internet, including the influence of data, in our physical environment involves interesting design challenges.

“It is during our darkest moments that we must focus to see the light”

-Aristotle

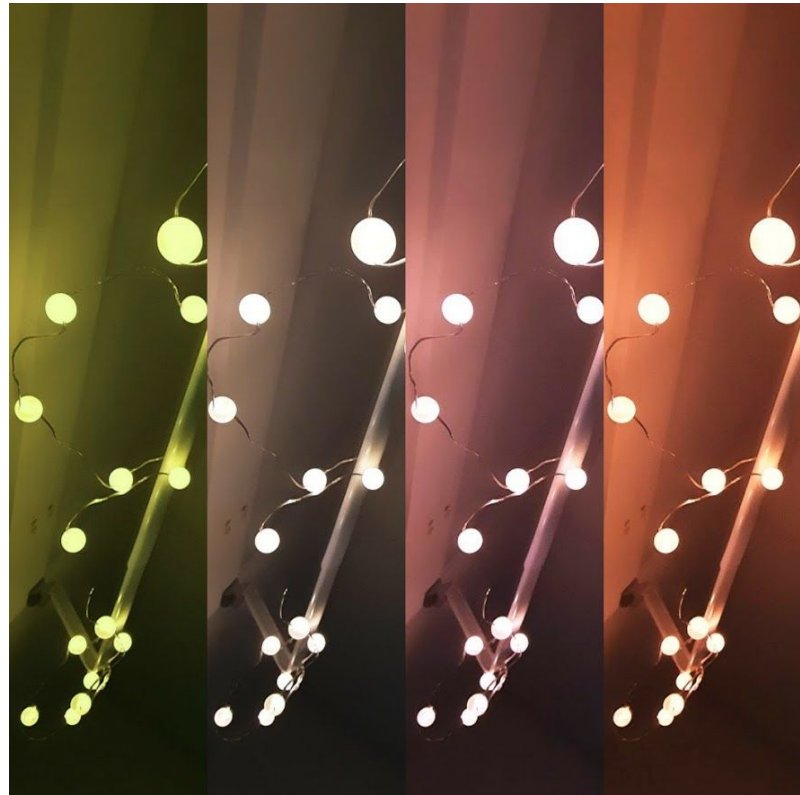

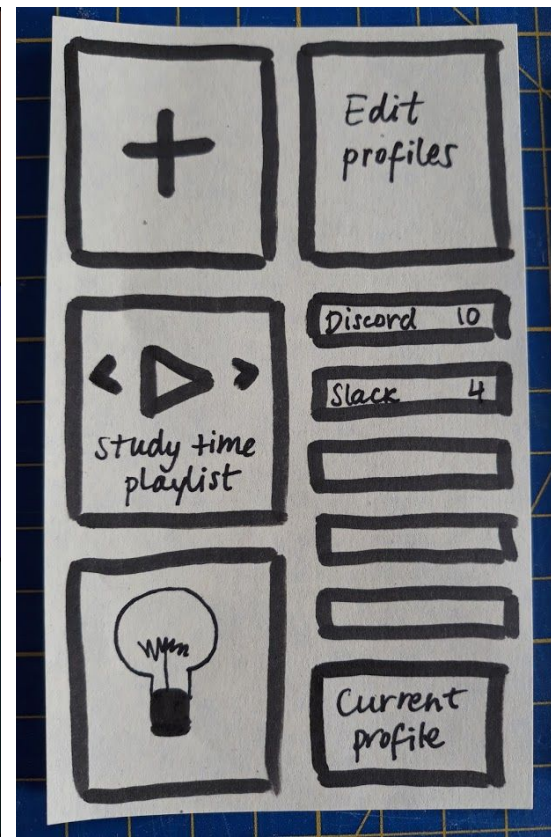

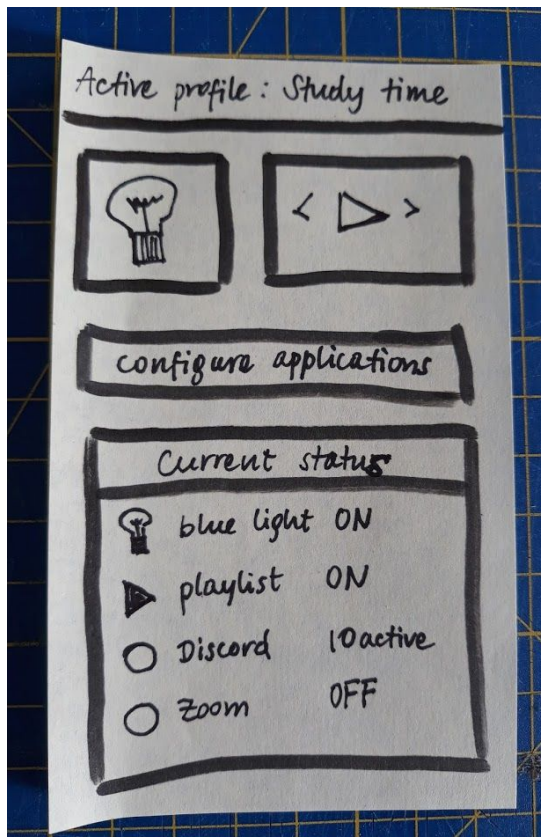

Smooth transitions between different colours are crucial: an abrupt change may disturb or distract the user. Low-key, gradual change in the light is best.

Mood lights can provide subtle changes in the ambiance of the room
